Reports:

Roadmaster - They have been working roads as they can weather permitting. They are half way through the north side of the Township. John has a meeting scheduled to go over the radios. Lafy discussed with the Board about the possibility of purchasing lower GVWR trucks for the township. It was a thought he had that might solve the issues of finding applications with CDL licenses since most smaller trucks with lower GVWR don't need a CDL. The board agreed to consider it and discuss it at a future date.
